

XXIV Convegno Annuale del CMG-Italia

Roma, 25/26 maggio 2010

1a giornata / 1st day "Reducing Mainframe Costs"

9.00	Registrazione - Registration		
9.30		Iaconi (CMG Italia)	Benvenuto - Welcome
9.40	Invited Speaker	Wolfram Greis (TPS-DATA, CECMG)	"Cutting Costs on Mainframes: Experiences from the CECMG zPrizing Working Group"
10.20	Customer Session	Marco Perelli (Banca d'Italia)	"Technological Improvements and Commercial Options to Cut Mainframe Costs"
11.00	Vendor Session	Paolo Chierigatti (PRIMEUR)	"In memory data-caching technology to optimize performance and reduce cost of mainframe platform"
11.20	Intervallo caffè - Coffe break		
11.40	Customer Session	Scott Chapman (American Electric Power, CMG USA)	"Leveraging the RMF Distributed DataServer for real-time performance intelligence"
12.20	Invited Speaker	Fabio Massimo Ottaviani (EPV Technologies)	"Practical Capacity Planning for zAAP and zIIP"
13.00	Vendor Session	Giancarlo Marino (IBM)	"The Value of IBM Middleware: System z futures for a workload-optimized world "
13.20	Colazione - Lunch		
14.20	Customer Session	Roberto Fedalto (SEC Servizi)	"Systems Applications Controller"
15.00	Vendor Session	Danilo Gipponi (EPV Technologies)	"X-ray your system"
15.20	Invited Speaker	Johannes Peeters (Data Base Solutions, CECMG)	"Application Performance Management - only when everything else fails"
16.00		Iaconi (CMG Italia)	Saluto fine prima giornata - 1st day closing address

2a giornata / 2nd day "Virtualization and Cloud Computing"

9.10		Iaconi (CMG Italia)	Benvenuto - Welcome
9.20	Invited Speaker	Glenn Anderson (IBM)	" A Mainframe Guy Discovers SOA and Cloud Computing"
10.00	Customer Session	Cathy Brown (BT, UKCMG)	"Cloud Cuckoo Land"
10.40	Invited Speaker	Andreas Schmietendorf (Universität Magdeburg, CECMG)	"The Cloud-Paradigm as a new driver for the IT industrialization"
11.20	Intervallo caffè - Coffe break		
11.40	Customer Session	Luciano Caroti (Publiacqua)	"Impatti sociali e organizzativi del Cloud Computing"
12.20	Invited Speaker	Eugenio Capra (Politecnico di Milano, Progetto Energ-IT)	"Server consolidation for energy efficiency: the EnergIT approach"
13.00	Vendor Session	Giuseppe Nardiello (Neptuny)	"IT cost visibility, containment and planning"
13.20	Colazione - Lunch		
14.20	Customer Session	(da confermare / to be confirmed)	"A process based approach to IaaS delivery for a Telco company"
15.00	Invited Speaker	Claudio Lucchese (CNR - High Performance Computing Lab)	"Large-scale Data Analysis on the Cloud"
15.40	Vendor Session	BMC Software	"Dynamic Management of Cloud Computing"
16.00		Iaconi (CMG Italia)	Saluto finale - Closing address
